A Station-to-Station Call is one on which you will talk with anyone at the called telephone and not request a specific individual, a department or an extension telephone reached through a private branch switchboard.

A Person-to-Person Call is one on which you wish to talk with a certain person, or with a department or extension telephone reached through a private branch switchboard.

GENERAL TELEPHONE INFORMATION

Your telephone account is handled by a Representative in our Business Office. It is her responsibility to assist you in all matters relating to your service. You will find her desirous of being helpful and fully qualified to handle requests for new or additional service, changes of address, terminations of service, directory listings, extension telephones, private branch exchange service, collections, adjustments, and to discuss other business transactions. To reach your Representative Dial CE 2-9901. If you prefer to transact business in person, we will help you at the Business Office, 414 Main. Office hours are from 8 a. m. to 5 p. m. Monday through Friday. At all times when the Business Office is closed calls will be answered by a representative who will handle business requiring immediate attention and arrange for the handling of other business on the following business day.

It is our constant aim to provide you with a courteous, efficient and pleasing service at all times, and it will assist us in fulfilling this purpose if you would let us know of any experience you might have where you feel we have failed in our efforts to carry out this objective. M. L. Shelton, Manager.

Regulations and Rates

Rates applicable to the furnishing of the various services by the telephone company are contained in tariffs on file in the Business Office. Our Representative will be glad to assist you in obtaining information from them.

Bills For Service

Bills are issued monthly and cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding date of bill. They are due upon presentation. Information regarding bills may be obtained by calling the Business Office.

Payment of Bills

Bills may be paid by mail or in person at the Business Office, 414 Main, or at the following authorized payment agencies:

Carr Hardware, 306 Main.

Coe Flower Shop, 2542 Lincoln Way.

Union Store Trust and Savings Bank, Gilbert, Iowa.

A night depository at the Business Office entrance is provided for after hour payments.

Suspension of Service

When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate. If you wish, the operator will inform those calling where you can be reached. You may retain your telephone number and there is no charge for resumption of service upon your return.

Telephone Recording Service

A short high "beep" tone heard at 15 second intervals indicates your conversation is being recorded. The signal is provided by the telephone company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine. Use of a recorder without a signal is unlawful.

Telephone Attachments

In the interest of good service, please do not attach auxiliary apparatus or advertising devices to telephone instruments or other equipment. Attachments generally interfere with telephone service and the Telephone Company reserves the right to remove apparatus or devices which it does not furnish.

Telephone Directories

The directory is an important aid in providing good and prompt telephone service.

Every reasonable precaution is taken to avoid errors and omissions in a telephone directory, but the Company does not guarantee listings therein, and shall not be liable for damages arising out of errors in or omissions from its directories, except as provided for in the regulations and tariffs filed in the Business Office. Directories are the property of the Telephone Company and are to be returned to the Telephone Company upon request. No binder, holder or auxiliary cover, except such as may be provided by, or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

Directories of other cities may be obtained at nominal cost. The Business Office will be glad to order any you may desire.

Telegrams By Telephone

You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill.

You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

Our Policy

The policy of this organization as a part of the Bell System is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

GENERAL TELEPHONE INFORMATION

How to Use Dial Service

There are only a few points to remember. Each of them is important.

Be Sure of the Number—Look in the telephone directory for the correct number. If the person or firm is not listed, dial 113 and ask "Information" for the number.

Listen for Dial Tone—This steady humming sound tells you that the dial equipment is ready for your call. Do not start to dial until you hear it. Dial tone is heard almost instantly when you remove the receiver. If you have extension telephones, or are on a party line and do not hear the dial tone and no one seems to be using the line, inquire whether the line is in use. Should you hear successive clicks in your receiver, indicating that another party on the line is dialing, advise that party that you have interrupted their dialing, hang up and make your call a little later.

Dial Carefully—All Ames telephone numbers consist of the prefix CE dar and 5 figures. The prefix CE dar is abbreviated to CE in all listings. Dial only the letters "C" and "E", then the 5 figures of the number. Suppose, for example, you wanted to dial CE dar 6-5091—

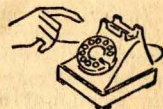

First, place the forefinger firmly in the dial opening through which the figure C is seen.

Next, turn the dial around in a clockwise direction until the finger strikes the finger stop.

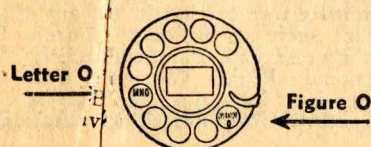

Remove the finger and let the dial return to its normal position without forcing or retarding its movement.

Then dial the second letter, E, followed by each of the figures of the number 6-5091 in the same manner, and in order.

Always be careful to distinguish between the letter O and the figure 0—or you will get a wrong number.

The ringing signal is an intermittent brr-r, brr-ring sound which indicates the bell of the telephone you are calling is being rung. It's courteous to give the called party time to answer. Ten rings is only about a minute. If the telephone line you are calling is in use, you will hear a buzz-buzz-buzz sound. This is the "busy" signal and lets you know that the telephone line you have called is in use.

If you do not hear one of these signals within a reasonable length of time, hang up for a few seconds and dial the complete number again. If, after a second attempt, you do not hear a signal or receive an answer, dial Operator and report the condition to her.

If a Mistake Is Made while dialing or your finger slips from the dial before it reaches the finger stop, hang up the receiver for a few seconds. Then start your call again.

How to Make Emergency Calls—(Fire and Police) The quickest way to report a fire or other emergency is to dial the number as shown on Page 1. If at any time you need assistance in placing or completing a call, dial Operator. Explain the situation to her and she will be glad to assist you.

To Call Another Party on Your Line

When you want to reach another telephone on your line, dial the telephone number listed in the Directory.

If you are on a two-party line, you will hear the busy tone. Then hang up and your bell and the bell on the called telephone will ring.

If you are on an 8-party line, you will hear a high whistling tone. When you hear it, dial the "Pty. Code" number shown on the number plate of your telephone. Then you will hear the busy tone—hang up and your bell and the bell on the called telephone will ring.

When the person answers, your bell will stop ringing. Then remove your receiver and start your conversation.

If your bell does not stop ringing after a reasonable period (please wait at least 10 rings) it indicates no one is there to answer. Remove your receiver for a few seconds and replace it. This will stop your bell from ringing and make your line available for other calls.

SOME EXTRA TELEPHONE SERVICES AVAILABLE TO YOU

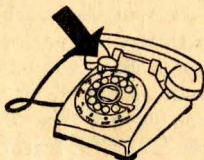

Extension Telephones

Extension telephones save you many steps and keep you from missing calls. A bedside extension is a protection as well as a convenience. A kitchen extension enables the lady-of-the-house to watch dinner while phoning.

Illuminated Dial Telephones

Lift the receiver, a tiny light turns on. A good bedside instrument. Designed for dimly lit locations—corridors and hallways.

Directory Additional Listings

You can list other members of your household in the telephone directory. Extra listings make it easier for friends to locate members of your family and add to a really complete service in your home.

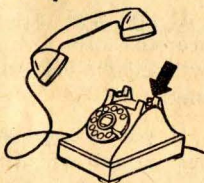

Special Telephone Cords

Retractable cords are available for your business or residence telephones for a small installation charge. The retractile cord springs back to a fraction of its length when not in use. It is especially neat for desk or small table locations, allowing freedom of motion yet requiring a minimum of space.

Volume Control Telephone

The tiny inconspicuous button on this instrument opens up a world of telephone pleasure for those whose hearing is impaired. A turn of the button steps up the volume without distortion. This feature can be used as needed, leaving the telephone at normal volume for others in the home.

Your Phone Away From Home

Make the convenient-ly located public telephone your phone when away from home or office. Instructions on how to use the coin telephone are mounted on each telephone.

If you receive a wrong number, or coins are collected in error, please notify the operator promptly so that proper adjustment may be arranged.

Speakerphone

From a distance of several feet you can speak into the microphone in the telephone's base . . . hear perfectly through small speaker on desk. It is not necessary to touch or lift the handset even when dialing . . . or the telephone can be used in the conventional manner when preferred.

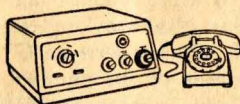

Plug-In Extensions

You can carry your telephone service from one room to the other when you have plug-and-jack equipment. One portable telephone serves several locations. It is plug-ended and connects into a special type jack that is permanently installed at locations of your choice.

Telephone Answering Set

This will automatically answer calls when you are out. It gives people who call you a message you have recorded, and lets them leave half-minute recorded messages which you play back when you return.

Cut-Off Keys

A cut-off key makes it possible to have your bedside extension telephone available, yet completely silent when you need quiet for a nap, an undisturbed night or a sick-room. A neat button in the base of the telephone turns the bell on or off. Separately mounted cut-off keys are also available.

Extension Bells

Inside or outside, extension bells help you get calls when out of earshot of your telephone . . . in the yard, for instance. A cut-off key may be used to silence the ringing when not needed. Loud-ringing gongs are available where required.

Telephone Motion Pictures

Entertaining and informative 16-mm. sound motion pictures on telephone subjects are available free of charge, for any type of audience: such as, Schools, Church, Business, Fraternal, Parent-Teacher, Trade, Professional, Rural, Women's Clubs and Civic-Service Clubs. Ask the Business Office Representative for a descriptive catalogue of films.

LONG DISTANCE SERVICE

Fast—Personal—Low in Cost

Call Station-to-Station when you are willing to talk to anyone who answers. Station-to-station calls cost less than person-to-person calls.

Call Person-to-Person—if you wish the operator to reach a particular person by name or title, or a department or private switchboard extension number.

Reduced Night and Sunday Rates—Every night from 6 P.M. to 4:30 A.M. and all day Sunday, there are reduced rates for both station-to-station and person-to-person calls. These rates are lower than corresponding week-day rates on calls for distances of about 60 miles or more.

You will receive faster service if you place your calls in the following manner:

FIRST—Give the operator the name of the town and state you are calling. Then the telephone number. **EXAMPLE:** "Detroit, Michigan—Woodward 5-3456." If it's a person-to-person call also give her the name of the party you want.

SECOND—If you don't know the telephone number, give the name and address and tell the operator whether it's a station-to-station or person-to-person call.

Hold the line unless the operator says there will be a delay and give your complete telephone number (including the central office name "CE dar") when she asks for it. Most long distance calls go through while you wait. When you **CALL BY NUMBER** the majority of calls are connected in a matter of seconds.

Your representative in the Business Office will be glad to furnish a "**Personal Telephone Directory**" for recording out-of-town numbers frequently called.

Collect Calls—If you wish the charges billed to the telephone you are calling, please notify the operator when you place the call. This may be done on both person-to-person and station-to-station calls without extra cost, except on station-to-station calls within Iowa of 20 cents or less for the initial period, and interstate calls of 25 cents or less for the initial period. These take a higher rate when placed collect.

Appointment Calls—The long distance operator will arrange for you to talk to a distant party at a specified time, if you so desire. Person-to-Person rates apply to this service.

Overseas Calls—Information on telephone service to overseas points and the rates applicable may be obtained from the

long distance operator. Some typical week-day rates for a three minute call are: To Argentina, Australia, Denmark, the United Kingdom and the U.S.S.R., \$12.00; Hawaii and Panama, \$9.00; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Conference Service—Long Distance conference service permits connection to your telephone line of persons in different cities so that each can talk with the other. Just call Long Distance and ask for the Conference Operator.

Long Distance Rates—Typical long distance rates are shown on the inside front cover. To determine the charges to places not shown on this list, please call the long distance operator.

Call By Number For Faster Long Distance Service

HOW TO GET THE MOST SERVICE FROM YOUR TELEPHONE

Whenever you pick up the telephone, you are about to make an impression on someone important—the person at the other end of the line. He can't see your facial expressions or your gestures. He must depend on what you say and how you say it—your tone, your inflection, your way of expressing yourself.

Here, for your consideration, are some suggestions on using the telephone that are helping many persons and their companies to make friends.

Before You Call Make Sure of the Number

A wrong number inconveniences you and the person called. Consulting this directory or a personal calling list when not sure of the number saves time and dispositions.

Apologize For Wrong Numbers

If a wrong number is reached, an apology helps the person called in error to feel better about it. Hanging up without acknowledging his answer can be irritating and bewildering to him.

Place Your Own Calls and Be Ready to Talk

Few business practices are more irritating and inefficient than that of a secretary asking a person to hold the line while she gets the person who is to talk on the line.

Give Person Called Time to Answer

The person you call may be farther from the telephone than you think. Allowing enough time to answer . . . 10 rings or a full minute . . . often avoids making another call.

Normal, Natural Tone of Voice Is Best

Shouting distorts your voice and isn't pleasant. It also is irritating to try to understand someone who whispers or mumbles or doesn't talk directly into the transmitter.

Leaving Word Keeps You in Touch

When you're to be away from your phone, you may avoid losing important calls and information if you'll leave word where you'll be and when you expect to return.

Hang Up Gently

Thoughtless slamming of the receiver may seem an act of discourtesy to the person with whom you've been talking. You don't mean it, of course, but it may leave the wrong impression.

Visualize the Other Person

You're much more apt to be pleasant and understanding if you "see" and speak TO the person at the other end of the line and not TO the telephone.

Answering Promptly Helps Complete Call

Immediate attention to the telephone's ring prevents losing the call and gets the conversation off on the right foot. Answer before the second ring if possible.

Identify Yourself When You Answer and When You Call

It gets a conversation off to a good start when you let the person calling know who you are. Say, for example, "Mr. Brown" or "Brown speaking", "Roberts Company" or "Bates Brothers, C. R. Jones speaking." It saves time and confusion.

Booklets for Business Customers

Booklets on how to get the most value from telephone service and how to use it most efficiently and courteously are available at the Telephone Business Office.

Be sure to dial
the **TWO** letters **CE** (CE dar)
and then the **FIVE FIGURES**

See page 3 for complete dialing
Information.

IOWA STATE COLLEGE

PRIVATE BRANCH EXCHANGE

TELEPHONE DIRECTORY

CE 2-3400

(CE = Cedar)

FIRE—(To report a fire)

From 7:30 a.m. to 10 p.m. } **Dial OPERATOR**
 (Sundays 9 a.m. to 10 p.m.) }

At all other hours Dial 9, then Dial CE 9141

How to Call from One College Extension to Another—To reach another extension connected to CE 2-3400, lift receiver and, upon hearing dial tone, dial the extension number as listed in the following pages. For information, or assistance, dial Operator.

How to Call College Extensions from Other Ames Telephones—To call extensions connected to College Switchboard, dial CE 2-3400 and give the switchboard operator the extension number.

The College Switchboard is closed from 10 p.m. to 7:30 a.m. (Sundays, from 10 p.m. to 9 a.m.). After hours, dial the night number, where shown following certain listings, in the regular manner.

How to Call Other Ames Telephones Not Connected to CE 2-3400—Lift the receiver and upon hearing dial tone, dial 9. When you hear the second dial tone, dial the number as listed in the preceding pages.

How to Call Out-of-Town—Lift the receiver and upon hearing the dial tone, dial 9. When you hear the second dial tone, dial Operator. Please place your Long Distance calls in the following manner:

Give the operator the name of the town and state you are calling, then the telephone number. Example—"Detroit, Michigan—Woodward 5-3456." If it's a person-to-person call, also give her the name of the party you want. If you don't know the telephone number, give the name and address and tell the operator whether it's a person-to-person or station-to-station call. Hold the line unless the operator says there will be a delay. When the operator asks for your number, give your complete telephone number (Cedar 2-3400—extension xxx) and YOUR NAME.

Directory and Service Changes—All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

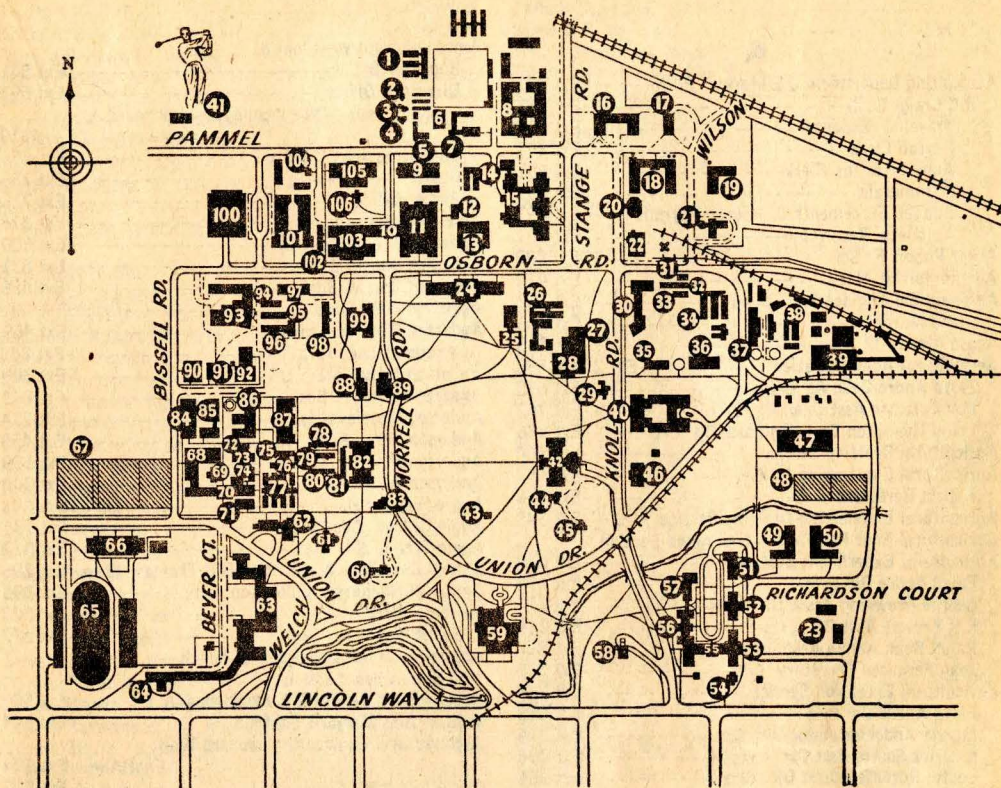

How to Use Dial Service—More complete instructions on how to use the dial telephone will be found on page 3 of this directory.

ABBREVIATIONS

Department addresses in College listings are designated by the following abbreviations:

A E—Agricultural Engineering	E O B—English Office Building	N H—Nurse's Home
Aer Lab—Aeronautical Laboratory	Exhibit H—Exhibit Hall	N S—Nursery School
Ag Ann—Agricultural Annex	Gr H—Greenhouse	NROTC—Navy Bldg

IT'S FASTER!

THE WELCOME MAT IS ALWAYS OUT

Whenever you call or visit the telephone business office, you can be sure of this. The welcome mat will always be out. Whether you have a question about your bill, want additional service or have a complaint to make, you will receive the same friendly attention that you would expect from your neighbor next door.

Courtesy is a tradition in the telephone business—and is one more reason why you enjoy the best telephone service in the world.

NORTHWESTERN BELL TELEPHONE COMPANY

Ames Civic Information

Historical

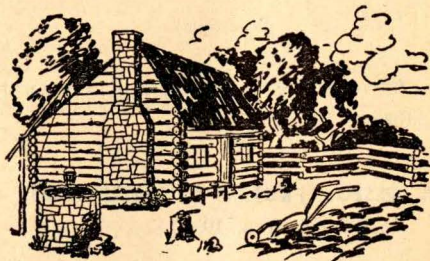

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 21 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President. The present total value of land, buildings and equipment of Iowa State College is about \$27,000,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 22,898, including college students. At the time of incorporation in 1870, there were 656 residents.

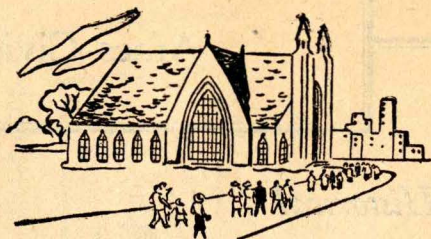

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State College, the Iowa State Highway Commission, Iowa Agricultural Extension Service and Soil Conservation Service.

Among recreation facilities in Ames are 3 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 2 public golf courses, 3 swimming pools, 3 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport with its mid-gt racer track, 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

Some Facts About Ames

ALTITUDE—922 feet above mean sea level.

AREA—3,890.35 acres within corporate limits.

ASSESSED PROPERTY VALUATION — \$15,593,856 (Jan. 1955).

BANKS—Three with deposits of \$20,578,835.00 (June 30, 1954).

BUILDING & LOAN ASSOCIATION—One with resources of \$5,707,662.58 (December 31, 1954).

CHURCHES—21 churches serve the needs of many different faiths. A list of churches will be found classified by denominations in the Yellow Section of this directory.

CLIMATE—Average annual precipitation in inches, 30.75. Average annual snowfall in inches, 24.5. Average annual temperature (degrees Fahrenheit) 48.7.

COLLEGES—Iowa State College. Enrollment 8,200.

GOVERNMENT—Council Manager Plan with City Manager, Mayor, and Six Councilmen, one for each of four wards, two at large.

HIGHWAYS—U. S. No. 30 and U. S. No. 69.

How Fast

should you speak
over the telephone?

Over the telephone it's especially
important to speak slowly and
distinctly. The listener does not
have the help of watching your
expressions and gestures as when
face to face.

It helps to prevent talking too
fast when you speak clearly in
your normal conversational voice.

Good telephone service for party liners...

**Party-line service is good service when
those on the line co-operate to make it so.
Here are some of the things you can do to
get the greatest value from your party line:**

- 1— When you have several calls to make,
allow a little time between them. That
gives others on the line an opportunity to make or receive calls.**
- 2— If the line is in use when you try to call, hang up quietly.
Wait awhile before trying again.**
- 3— If you have children, teach them party-line courtesy, too.**

**Your courtesy and consideration will encourage others on the
line to follow your good example. When everyone is trying to
co-operate, everyone has better service.**

BIG IN VALUE

...LITTLE IN COST

There is no way to reckon
the full value of the tele-
phone.

It helps with the shop-
ping — runs downtown —
calls a doctor — provides
unlimited capacity for
friendship, success and
good times — enables
every business to do more
business, and do it better.

A fair price for tele-
phone service is one which
allows us a reasonable
profit — one which will
attract the millions of
investment dollars still
needed for improvement
and expansion.

Dial "Operator" and Ask for
ENTERPRISE 6000
(No toll charge on Enterprise calls)

901 W. Mamie Eisenhower
Boone, Ia.

Why No Dial Tone ?

The dial equipment
is very busy these days.
Sometimes you may
have to wait a few seconds
until you hear the
hum that means: "Go ahead.
Dial your call."

Please wait for it.
Otherwise you'll get a
wrong number or no
number at all.

Books, ash trays, ornaments, can keep
your telephone "off the hook."

Then it is "busy" to everyone
who tries to call.

How's your memory?

Most people can't
remember telephone num-
bers unless they use them
every day or so.
When in doubt, please
look in your telephone
directory. It saves time
for you and trouble
for those who are
called in error.

YOUR TELEPHONE SERVICE is "Made to Order"

● Your call may be to your next door neighbor, or to someone thousands of miles away. Every call is made to order to meet your need of the moment.

It takes a lot of people and a lot of equipment to handle your telephone calls. Your telephone instrument is only about six per cent of the equipment needed to give you service. The other 94% is buildings, switchboards, wires, cables and other apparatus — ready 24 hours a day, every day — to serve you.

NORTHWESTERN BELL
TELEPHONE COMPANY

Good telephone service for party liners...

Party-line service is *good* service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1—When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 2—If the line is in use when you try to call, hang up quietly. Wait awhile before trying again.
- 3—If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

You save time when you call by number

You'll save yourself time these busy days by keeping a list or the telephone numbers of out-of-town friends, relatives and business associates you may wish to call.

When you give the number to "Long Distance," she can put through your call without the lost time required to call "Information" at the distant place to get the number.

To make it easy for you to keep a list of out-of-town telephone numbers, we've prepared a handy personal directory. To get your copy — free — just call, write or stop in at your nearest telephone office. There's no charge, of course. We'll supply the numbers for you, too, if you give us the names of people you frequently call.

NORTHWESTERN BELL TELEPHONE COMPANY

NUMBERS FREQUENTLY CALLED

For Faster Long Distance Service—Call By Number

In many cases, giving "Long Distance" the number of the out-of-town person you want will result in completing the call twice as fast as when the operator must reach a distant operator to get the number.

Giving the operator the number is important on both station-to-station and person-to-person calls. If you wish to talk to a certain person be sure to tell the operator.

If you'll make out a list of out-of-town friends, relatives and business associates you have occasion to call we shall be glad to obtain their telephone numbers and send them to you.

Free Personal Number Books

To assist you in keeping out-of-town numbers available when you wish to place long distance calls, we shall be glad to supply you with a personal telephone number book. Just call or write the Telephone Business Office for a copy.
